## **COCO PALM COMPLETES SUITE UPGRADE**

Rodney Bay, SAINT LUCIA (08 August 2019) – Coco Palm has launched their newly renovated Pool and Garden View Suites truly inspired new look as revealed to the trade during the recent North America Showcase held on island. The contemporary décor follows on from the upgraded 48 Pool and Garden View rooms in 2018. The suites have continued the new contemporary look which was introduced with the new lobby and executive lounge which were introduced last year with local interior designer Laraine Moffat and team from Inside Out.

“We were proud to introduce our new suites during Showcase where we had the opportunity to offer a first-hand walk through of our new rooms” noted Managing Director Mark Ferguson. “It was very encouraging to see the response from both the trade and our partners who saw the new look while for some it was the first time they had seen our renovations” Ferguson noted.

The fourth-floor suites all offer a modern and clean finish with aqua blue and green tones complimented with silver finished bedside lamps and luggage rack at the foot of the bed. The feature wall behind the super king size bed is a warm hessian textured weave finish while the lounge area is wallpapered in a green and blue marble effect. White wooden shutters have been custom made locally for the bay windows offering a contemporary look throughout. Eleven of the twelve suites feature a pull-out aqua upholstered sofa bed with two armchairs in tropical fabric.

Lighting has been enhanced with a Feng Shui friendly globe chandelier along with a floor lamp with marble base, ideal for reading. Electrical outlets have also been enhanced with dual 110 and 220 sockets and USB ports both bedside and in the lounge. Suites can cater for a family of four with two kids under 12 or for three adults. All bathrooms in the suites are finished with a granite top, silver hardware with double sinks with backlit lighting above.

The signature suite will reflect a bespoke finish with a four-poster bed and gold velvet sofa with black and gold cone lighting with a sophisticated look which will no doubt cater for Coco Palm’s VIP’s.

Coco Palm’s upgrade was influenced by a cleaner, brighter minimalistic look while maintaining the traditionally Creole décor maintaining the signature black and white tiles in the lobby. The executive lounge off the lobby is fitted out with signature West Indian cricket players decorating the walls with a Lavazza coffee station and local beer on tap with a large 50” TV to enjoy with laptop working stations available. This is most fitting given the number of cricket teams and hero’s who have graced Coco Palm from it’s opening for Cricket World Cup in 2006.
